Content Documents Integrator

Base Forms for Laser Printer

Cheque Bases

We have cheque base forms in our inventory.

These cheque bases are generally used by companies having several accounting entities.

A single inventory sufficiently meets your needs and reduces your costs.

The image of the form and the magnetic encoding of the document are produced by way of a printing solution for variable content documents or through your accounting software if it allows this functionality.

Size: 8 1/2" X 11" with perforations for separation in three equal parts
**Position of cheque:** top or bottom part
Colours: gray, yellow, blue or navy backgrounds
Numbering: one on the front top stub for the gray and blue bases, 2 on the back (top stub and cheque parts) for the yellow base, none on the navy bases
Packaging: box of 1000 forms
Product Codes:
Gray with cheque part at the bottom: BASE DE CHEQUE GRISE
Yellow with cheque part at the bottom: BASE DE CHEQUE JAUNE
Blue with cheque part at the bottom: BASE DE CHEQUE BLEUE
Navy with cheque part at the top: BASE CHEQUE MICRO
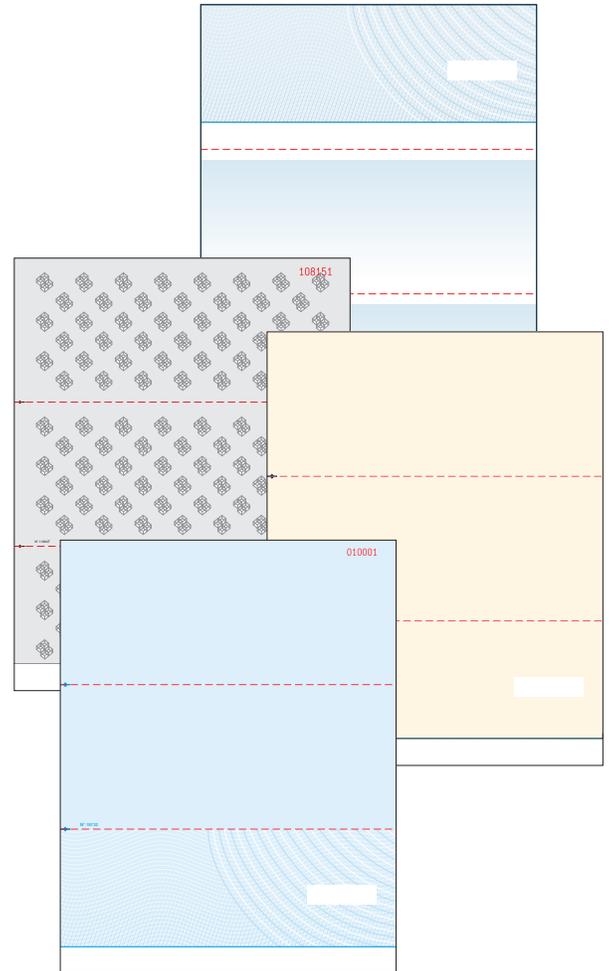

"Quebec Drapeau" Cheque Base

We stock a cheque base dedicated to Quebec's government agencies.

These forms are in accordance with government guidelines that followed the merger of several health facilities.
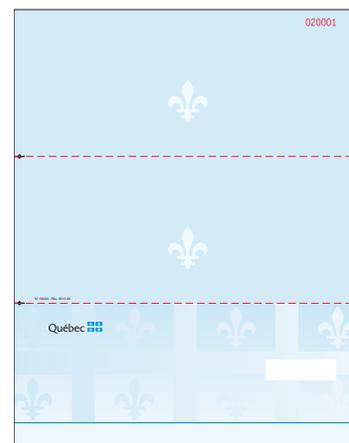

**Size:** 8 1/2" X 11" with perforations for separation in three equal parts
Position of cheque: bottom part
Numbering: one on front top stub
Packaging: box of 1000 forms
Product Code: 18404

Perforated Paper or with Detachable Parts

We offer different types of paper with holes or perforations to fold or detach certain parts.

Paper: 48M white
Perforations: 1 horizontal perforation at 3.666" form the bottom
Size: 8 1/2" X 14"
Packaging: box of 1500 sheets

Multicopy NCR Carbonless Paper

This type of paper is destined for users who wish to produce forms in several copies on coloured carbonless paper.

The colour sequence is standard and depends on the number of copies in a set.

We offer two product grades for laser printers:

- Regular grade for general use, which suits the majority of printers;

- Digital grade is a little thicker than regular grade and is specially designed for laser printers. It guarantees problem free feeding.

Moreover, this grade of paper is specially designed to leave less paper residue and dust in printers, which minimizes their periodic cleaning.

Sizes availables: 8 1/2" X 11" with or without detachable stub
8 1/2" X 11 1/2" with detachable stub
8 1/2" X 14"
Number of copies: 2 to 5
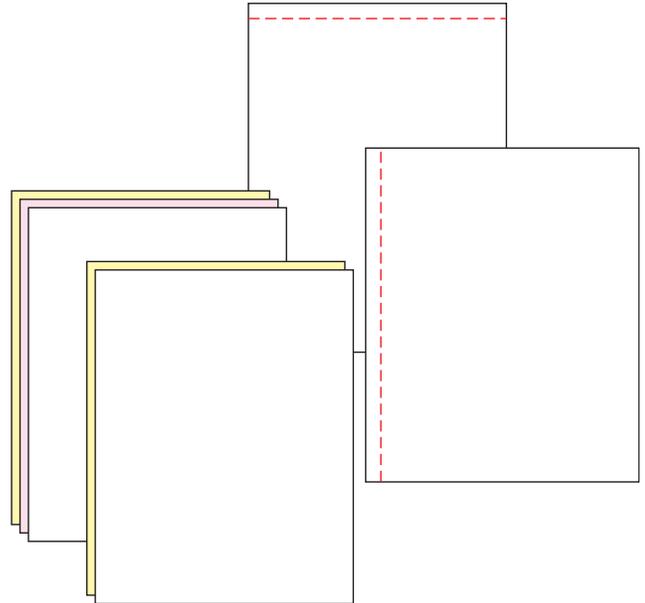

Two Windows Envelopes

These envelopes are generally used by companies that have several accounting entities or those with a small volume.

We commercialize an envelope with two windows that has a "Protecto Gray" interior that allows you to mail the majority of your business documents.

If you operate under several business names, you will find this solution to be interesting since it allows you to display your business' name in the top window and the address of your correspondent in the bottom window.

Why pay to print an envelope when the document it contains already identifies you and your address?

You will have only one inventory of windowed envelopes.

Product Code: EH7014R
Paper: 24 lb Vellum white "Protecto Gray" interior
Windows: Top window: 2 7/8" x 1"
          5/8" from top and 3/8" to the left
   Bottom window: 4" x 1"
          3/4" from the bottom and 5/8" to the left
Size: 9" x 4"
Packaging: boxes of 500 envelopes
          case of 2500 envelopes
Price: 80 $/1000

:: Labels

We offer different types of pressure sensitive labels adapted to the type of printer used:

- In sheets for laser printers
- In continuous format for dot matrix printers
- In rolls for printers with thermal transfer
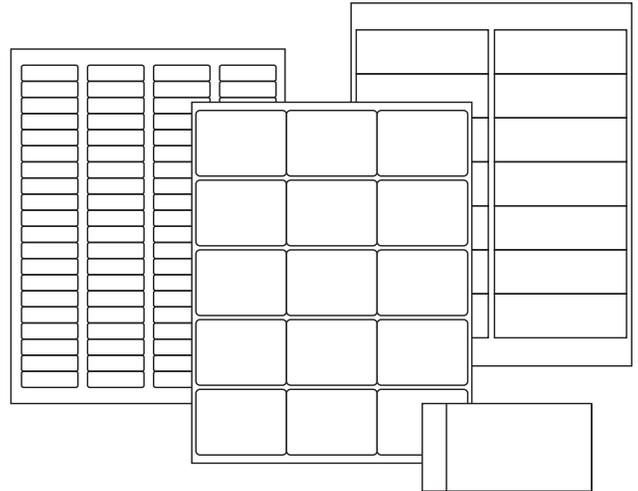

Labels for Laser Printers

Several products compatible with the Avery brand are available. Unless otherwise indicated, all the labels are made of white paper and coated with a permanent adhesive.

These products are sold at a very competitive price in boxes of 250 sheets.

In addition to the standard size (8.5" x 11"), we also offer the following sizes:

- 8.5" x 14"   - 11" x 17"   - 12" x 18"   - 13" x 19"
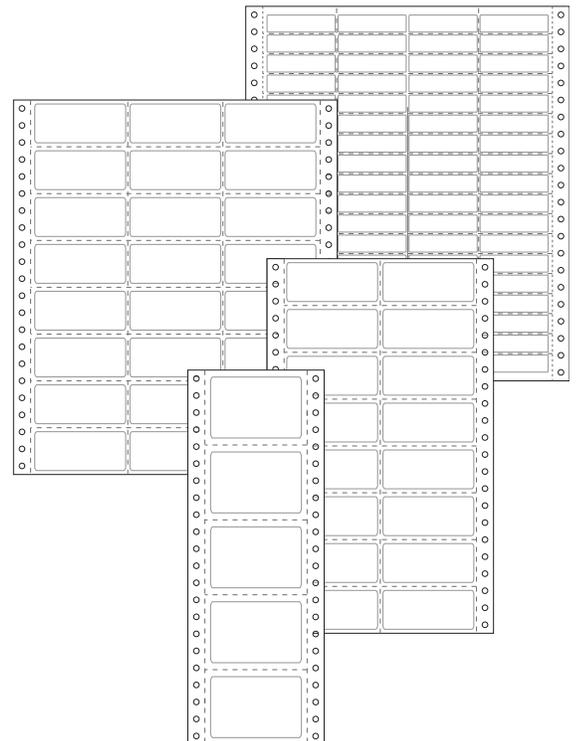

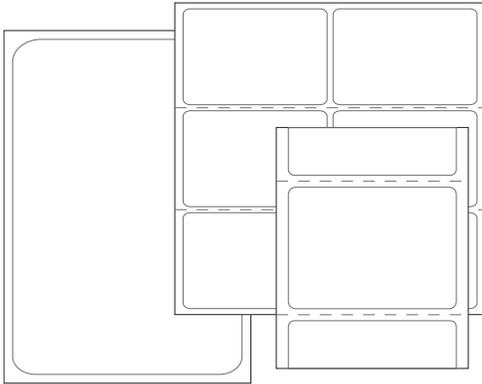

We also offer 40 different materials.

Labels for Dot Matrix Printers

We stock a variety of labels in continuous format. This product is accordion folded (or "Z" fold) for printing by this type of printer.

Several formats are available in single or multiple columns.

These products are sold in boxes of 5000 labels, depending on the number of columns.

Labels for Thermal Transfer Printers

We have a variety of labels in rolls. This type of product is conditioned according to the diameter of the spindle and the maximum allowable diameter for your printer.

You must tell us the make and model of your printer when ordering.

Unless otherwise indicated, all the labels are made of white paper and imbued with a permanent adhesive.
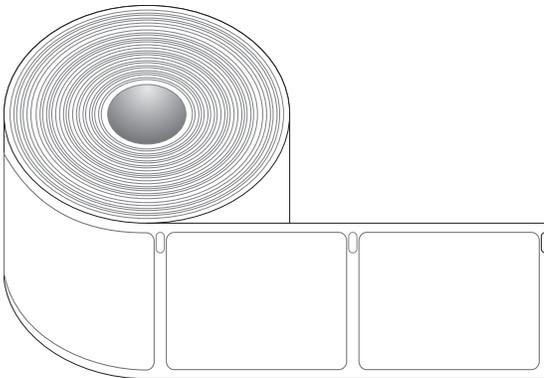

Labels for Dymo Printers

Plain labels for DYMO thermal transfer printers.

Synchronized hole-punch between each label.
