

3,375"

The diagram shows a technical drawing of a rectangular component with rounded corners. It is divided into two sections by a vertical line. The left section is labeled 'AF13' and has overall dimensions of 4.5 inches by 2.125 inches. A horizontal dimension line indicates a width of 3.375 inches for this section. The vertical dimension line indicates a height of 2.125 inches for the entire component. The right section has a width of 1.125 inches.
